LEGAL DESCRIPTION OF AUTHORIZED PLACE OF USE

The Southeast quarter of the Southeast quarter of Section 23, T. 19 N., R. 1 W.W.M.

Also, that part of Government Lot 5, Section 23, T. 19 N., R. 1 W.W.M. described as follows:

Beginning at a point on the West line of said Lot 5, South 1°29'51" West 20.00 feet from its Northwest corner; Thence South 1°29'51" West along said West line 1313.01 feet to the Southwest corner of said Government Lot; Thence South 87°24'46" East along the South line of Government Lot 1337.24 feet to the Southeast corner of said Government Lot; Thence North 1°47'27" East along the East line of said Government Lot 766.59 feet to the meander corner between Sections 23 and 24; Thence North 48°75'20" West along the Government meander line 692.55 feet; Thence North 88°02'59" West 339.69 feet; Thence South 30°43'01" West 182.52 feet; Thence South 42°41'44" West 105.59 feet; Thence South 72°17'45" West 89.20 feet; Thence North 88°02'59" West 86.00 feet; Thence North 1°57'01" East 30.00 feet; Thence North 30°43'01" East 273.78 feet; Thence North 1°57'01" East 118.00 feet; Thence North 88°02'59" West 278.60 feet to the point of beginning.

Together with second class tidelands in front of and adjoining said premises.

Excepting therefrom the following described at the Northwest corner of said Government Lot 5; Thence South 88°02'58" East along the North line of Lot 5 278.60 feet; Thence South 1°57'01" West 138.00 feet; Thence South 30°43'01" West 273.78 feet; Thence South 1°57'01" West 55.00 feet to the true point of beginning; Thence South 82°26'30" East 118.44 feet; Thence South 1°57'01" West 100.00 feet; Thence North 82°26'30" West 160.00 feet; Thence North 1°57'01" East 100.00 feet; Thence South 82°26'30" East 41.56 feet to the true point of beginning.

Also, Lot 1 of Section 24, T. 19 N., R. 1 W.W.M. together with all second class tidelands as conveyed by the State of Washington, lying in front of, adjacent to and abutting said Lot 1 of Section 24.

Also, The West Half of the Northwest quarter and the Northwest quarter of the Southwest quarter of Section 25, T. 19 N., R. 1 W.W.M.

Also, The Southeast quarter of Section 26, T. 19 N., R. 1 W.W.M.

Also, the North one half of Section 35, T. 19 N., R. 1 W.W.M. excepting therefrom county road known as Marvin Road as conveyed to Thurston County by deed recorded under Auditor's File No. 545560.

Together with and subject to easements and reservations of record.

Situate in Thurston County, Washington.

Measurement of Water Use

How often must water use be measured?	Weekly
How often must water use data be reported to Ecology?	Annually (by Jan 31)
What volume should be reported?	Total Monthly Volume
What rate should be reported?	Annual Peak Rate of Withdrawal (gpm or cfs)
How many years must records be maintained?	Minimum of five years

Provisions

Wells, Well Logs and Well Construction Standards

All wells constructed in the state shall meet the construction requirements of WAC 173-160 titled "Minimum Standards for the Construction and Maintenance of Wells" and RCW 18.104 titled "Water Well Construction". Any well which is unusable, abandoned, or whose use has been permanently discontinued, or which is in such disrepair that its continued use is impractical or is an environmental, safety or public health hazard shall be decommissioned.

All wells shall be tagged with a Department of Ecology unique well identification number. If you have an existing well and it does not have a tag, please contact the well-drilling coordinator at the regional Department of Ecology office issuing this decision. This tag shall remain attached to the well. If you are required to submit water measuring reports, reference this tag number.

Installation and maintenance of an access port as described in WAC 173-160- 291(3) is required.

Measurements, Monitoring, Metering and Reporting

An approved measuring device must be installed and maintained for each of the sources identified by this water right in accordance with the rule "Requirements for Measuring and Reporting Water Use", WAC 173-173," which describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition the Department of Ecology for modifications to some of the requirements.

Recorded water use data shall be submitted via the Internet. To set up an Internet reporting account, contact the Southwest Regional Office. If you do not have Internet access, you can still submit hard copies by contacting the Southwest Regional Office for forms to submit your water use data.

Water Level Measurements

In order to maintain a sustainable supply of water, pumping must be managed so that static water levels do not progressively decline from year to year. Static water level is defined as the water level in a well when no pumping is occurring and the water level has fully recovered from previous pumping. Static

water levels shall be measured and recorded monthly, using a consistent methodology. Data for the previous year shall be submitted by January 31 to the Department of Ecology.

Static water level data shall be submitted in digital format and shall include the following elements:

- Unique Well ID Number
- Measurement date and time
- Measurement method (air line, electric tape, pressure transducer, etc.)
- Measurement accuracy (to nearest foot, tenth of foot, etc.)
- Description of the measuring point (top of casing, sounding tube, etc.)
- Measuring point elevation above or below land surface to the nearest 0.1 foot
- Land surface elevation at the well head to the nearest foot.
- Static water level below measuring point to the nearest 0.1 foot.

Water Use Efficiency

The water right holder is required to maintain efficient water delivery systems and use of up-to-date water conservation practices consistent with RCW 90.03.005.

Schedule and Inspections

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the project location, and to inspect at reasonable times, records of water use, wells, diversions, measuring devices and associated distribution systems for compliance with water law.

The right to use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.100.

This certificate of water right is specifically subject to relinquishment for non-use of water as provided in Chapter 90.14 RCW.

Given under my hand and the seal of this office at Olympia, Washington, this 8th day of February 2012.

Ted Sturdevant, Director
Department of Ecology
